## Celebrating Year of Consecrated Life

On Sunday next, 25th October, Bishop Francis Duffy will be the chief celebrant at the 11 a.m. Mass in St. Mary's Drumlish. At this Mass we recall the priests, sisters and brother from the Parish of Drumlish & Ballinamuck who were called to build up the Kingdom of God over the years and throughout the world. Relatives of those priests, sisters and brother will carry a lighted candle in their memory. They will also perform the Reading of the Word of God, bring the offertory gifts and pray a Communion Reflection. While we celebrate with joy and gratitude the memory of those noble people, we also pray that others too may hear the voice of the Lord and become priests and religious who will bring the Word of God to others, who will celebrate the Eucharist and be mediators of God's love and compassion in a world searching for meaning.

## Make a Difference

Pope Francis met with 500 young people in St Peter's Basilica in Rome and had a few encouraging words for them. He said:

*'Why do I like being with the youth? Because you all have inside your heart a promise of hope. You are bearers of hope. You all, it's true, live in the present, but looking towards the future...you are authors of the future, craftsmen of the future... it is also your responsibility. You all are craftsmen and women of the future.'*

*First, you like beauty, and when you make music, do theatre, make paintings - things of beauty - you are searching for that beauty, you are researchers of beauty. Second, you are prophets of goodness. You all like goodness, to be good. And this goodness is contagious, it helps all others. Third, you are thirsty for truth: to search for the truth. .... And these three desires that you have in your heart, you should bring them forward, to the future, and make a future with beauty, with goodness and with truth.*

*I wanted to tell you this, to tell you: courage, go forward, make noise. Where there is youth, there should be noise. Then, we'll adjust things, but the dreams of a young person always make noise. Go forward! ... Please, go against the current. Be courageous ... Go against the current of this civilization that is doing so much harm. Do you understand this? To go against the current; and this means to make noise, to go forward, but with the values of beauty, of goodness and of truth. This is what I wanted to tell you. I want to wish you all well, a good work, joy in the heart: joyful youth!'*
