### World Communication Day

"Communication is part of God's plan for us. In today's fast-changing world of communications and digital systems, we are witnessing the spread of what has come to be known as "fake news". The term "fake news" has been the object of great discussion and debate. In general, it refers to the spreading of disinformation on line or in the traditional media. It has to do with false information based on non-existent or distorted data meant to deceive and manipulate the reader. Spreading fake news can serve to advance specific goals, influence political decisions, and serve economic interests. None of us can feel exempted from the duty of countering these falsehoods. The best antidotes to falsehoods are not strategies, but people: people who are ready to listen, people who make the effort to engage in sincere dialogue so that the truth can emerge; people who are attracted by goodness and take responsibility for how they use language."

### Message from Bishop Francis

*[No 1 of 2, 13th May 2018]*

*The Eight Amendment to the Constitution is a guarantee that our laws will protect mothers and unborn babies. Without 'the Eighth' some babies in the womb will be regarded as less valuable than other human lives. A society that treats some human lives as less valuable than others is putting the most vulnerable and dependant at risk. 'The Eighth' is about letting live, let's keep it.*

### Family Prayer

*Mother of the Life Within,  
All life we entrust to you.  
The life of every expectant mother  
and the child within her womb;  
the life of every human body  
the life of every human soul  
the life of every new born child  
and the life of all grown old.  
You held the Lord to your own heart  
and drew Him so close in.  
So draw us now in all our needs  
O Mother of the Life Within.  
Amen.*
