Day for Life

Day for Life is celebrated annually by the Catholic Church in Ireland, Scotland, England and Wales. It is a day dedicated to raising awareness of the meaning and value of human life at every stage and in every condition. The theme this year focuses on 'The Good Samaritan: A Model of Compassion'. In the context of the recent proposal to introduce assisted suicide, both in Ireland and the UK, this year's message invites Catholics to consider a more positive and compassionate response to the care of people who are in the final stages of life. The Catholic Church's approach to end of life care is well articulated in the recent Vatican document *Samaritanus Bonus* on the care of persons in the critical and terminal phases of life. In that document we are reminded that Jesus gave us the image of the good Samaritan as the model for our compassion and our solidarity with those who find themselves vulnerable and who fear being abandoned in their final illness. The Good Samaritan is one who "crosses over", who "binds up wounds" and who, most important of all "stays with" the person for as long as is required.

Keeping Safe & Protecting Others

Because the restrictive barriers on the church seats have been taken down, it is essential that all people attending church services will adhere to these FOUR safety regulations re: Covid-19:

1. **Wear your face mask inside the church**
2. **Sanitise your hands at entry**
3. **Observe social distancing**
4. **Enter Church through main door and exit church via side doors**

It is the personal responsibility of each person to adhere to these four principles.
